CUSTOMS CLEARANCE

The service of a customs broker is required for all shipments originating outside of Mexico.

The customs clearance of pharmaceutical/surgical items is very strict in Mexico and licenses need to be applied **45-60 days** beforehand!

The usage of the official appointed customs broker will eliminate the possibility of materials being held at the border by Mexico Customs due to improper or insufficient documentation resulting in these same materials arriving too late or not at all to the congress.

Kuehne + Nagel has been appointed the official customs broker for the 2019 ISAKOS Congress.
